OVERVIEW

At Austin Coding Academy, we are dedicated to providing you with a high quality and practical web development education that will fully prepare you to get a job as a software developer when you graduate. Beyond our innovative curriculum, (which you can read about in this guide), there are three key things that set Austin Coding Academy apart:

Flexible Schedule

Our program is built to work around your schedule. Full-time classes allow you to dive in while part-time evening classes allow you to keep your day job and continue to support yourself while launching your new career. Outside of class, we provide unlimited tutoring so you can get help and support whenever you need it.

Affordable Tuition

We work hard to make sure that our tuition is manageable. You are able to pay for an entire track up front and save, set up a payment plan, or finance with one of our partners. With the rising cost of education, we don't want tuition to be the barrier to your new career.

Job Placement

Preparing students for their first developer job is our number one priority. You'll build practical projects with help from professional developers, in our Job Placement Course, and get one-on-one attention from our Director of Job Placement.

Student Success is Our Number One Priority

02

TRACK STRUCTURE

ONLINE WEB DEVELOPMENT COURSE STRUCTURE

Austin Coding Academy's Online Web Development Course is a program that prepares students for careers in web development. Led by professional developers who work at tech companies in Austin, students will learn the ins and outs of web development through practical projects and peer collaboration.

The Online Web Development Track Course consists of 5 total courses. You can take a look at the course timeline, program details, and a breakdown of the individual courses, below.

Course Timeline					
Timeline	Intro to Web	Language Basics	Back-End	Front-End	Job Placement
Full-time	4 weeks	4 weeks	4 weeks	4 weeks	2 weeks
Part-time	8 weeks	8 weeks	8 weeks	8 weeks	4 weeks

WHAT TO EXPECT

Schedule

- Full-time: Class meets daily (Monday thru Thursday) from 8 a.m. to 5p.m.
- Part-time: Classes meet twice weekly (M/W) from 6:30 - 9:00 p.m.

Classroom Experience

- Our classes utilize the “flipped classroom” approach.
- Each class at ACA is taught by an experienced, full-time web developer
- All ACA students have access to unlimited tutoring outside of class hours

03

COURSE BREAKDOWN

ONLINE WEB DEVELOPMENT COURSE BREAKDOWN

Full-time: 4 wks

Part-time: 8 wks

Web 101: Intro to Web Development

What you'll learn: Solidify your web development foundation by learning the fundamentals of building modern websites. Using HTML, CSS, and JavaScript you'll design and host responsive, interactive pages and learn how to pull, commit, and push changes using Git, a popular version control software.

Tech Specs:

HTML5 & CSS3

Version Control (Git)

Responsive Web Design

Dom & JavaScript Basics

Full-time: 4 wks

Part-time: 8 wks

JS 211: JavaScript Language Basics

What you'll learn: Begin your deep dive into the language of JavaScript using Node.js. You will learn to program and think like a coder by using functions, interacting with APIs, and performing unit testing, and more. You will leave this class with the ability to build terminal apps and fetch data from a remote API.

Tech Specs:

Object-Oriented Programming

Unit Testing (TDD)

Functional Programming

Remote APIs

Full-time: 4 wks

Part-time: 8 wks

JS 311: Back-End JavaScript (Node.js)

What you'll learn: Using Node.js, apply your Javascript skills to create dynamic back-ends to hold your app's data as well as host, manage and deploy your database. You will leave JS 311 being able to build your own API and database, authorize and authenticate users on your own API.

Tech Specs:

SQL Databases

Express.js & Node.js

Deploy Node Modules

Host/Manage Web Apps

Full-time: 4 wks

Part-time: 8 wks

JS 411: Front-End JavaScript

What you'll learn: In your final 8-week web development course you will learn advanced front-end methods, including building mobile apps. You will finish the program with both the skills to build a dynamic web application, and a fully functioning application of your own.

Tech Specs

Redux & Sagas

Webpack / Babel

Client-Side Routing

04

JOB PLACEMENT

JOB PLACEMENT COURSE

Writing code is only part of what it takes to be a successful web developer. At Austin Coding Academy we place an emphasis on developing the soft skills that developers need to be successful when building their online presence, going through the interview process, and receiving offers from employers. Our Job Placement Course focuses specifically on developing and practicing these skills.

What You'll Cover:

- Resume Building
- Job-Finding Strategies
- Portfolio Support
- Networking Opportunities
- Technical Interview Prep
- Whiteboarding Practice

TUITION & FINANCING

TUITION OPTIONS

Pay Up Front and Save

Total Cost
\$11,960

Commit to your Full Stack Web Development education and save. If you're able to pay for your program tuition up-front, you'll save \$1,000 on the cost of the entire program. Rather than paying the full price for each course, you'll pay \$10,960. You are also able to take advantage of this reduced price if you choose to finance the entire program.

Payment Plan - OPTION 1

Total Cost
\$12,750

With our new payment plan option, you are able to make manageable bi-weekly payments towards the cost of your tuition. Make a \$1990 deposit to enroll in class and pay \$1076 for 10 months, for a total program cost of \$12,750. No interest and no penalty for prepayment!

Outside Financing

Austin Coding Academy is also able to except a variety of outside financing options. Unfortunately, we are currently unable to accept the GI Bill or Federal Student Aid. If you would like to find out if we can accept your outside financing option, contact our admissions team at info@austincodingacademy.com

GET STARTED

HOW TO APPLY

Ready to begin this exciting adventure to your new career or just looking to learn more? The first step to take is to begin your application and be accepted into our program! Here is what to expect:

1. Fill out the application. It takes less than 5 minutes!
2. You will be prompted to schedule an interview with one of our Admissions Advisors to talk about your goals and any questions you have. You will also have an opportunity to conditionally save your spot with a refundable deposit.
3. We will reach out to you to help you with next steps and determine your acceptance based on our student requirements and expectations. Let's get to know each other!
4. Once you've been accepted and you've paid your deposit, you'll be registered and given access to your textbook. Within it, there is a pre-work section to complete prior to your first class so you can start classes the right way!
